CONTRACT FOR LIGHT AND POWER. | Incidents in Society

Uncas Power Co. will Furnish it to Willimantic and Staf- at his home on Broad street. ford St. Railway Co. for Use in Willimantic, Stafford and Rockville-Not for Operating Electric Road.

The Uncas Power company of this city put through an important deal last week when it secured a contract with the Willimantic and Stafford Street Railway company to furnish electricity to them from the Scotland power station for a period of five years. The electricity will be distributed between Willimantic, Stafford and Rockville, so that the company which is now furnishing Norwich with its electricity will be the source of the current for a large section of eastern Connecticut. This electricity will not be for the operation of the trolley lines, but will simply be for light and power, the street railway company having the privilege to furnish such in the towns through which it goes.

The Uncas Power company by this contract will be turning into money that which is going to waste at the present time. It will in no way affect the contract with the city of Norwich, which has first call upon all the electricity the plant can produce. The contract just made is so drawn that it is subordinate to the city of Norwich, so

tricity the plant can produce. The con-tract just made is so drawn that it is subordinate to the city of Norwich, so that if the city at any time wants all the current it can have it regardless of the other contract. It is figured, however, that it will be some time be-fore the city will increase its demands so that the surplus which the company will hold will be fully drawn upon. In-asmuch as the current will not be fur-nished for operating the electric lines, all will be harmonious at the plant, as the current will be steady and that

all will be harmonious at the plant, as the current will be steady and that which they have just contracted for is now going to waste.

There is no option for a renewal at the end of five years, and the Uncas company will not endeavor to make any further contracts for current. The

Suit of E. G. Mondou vs. New Haven

Road Assigned for This Week.

The supreme court opens at Hart-erd Tuesday, and on the list of cases

ssigned are several from this end of it state, as follows:

Windham county: George P. Taylor against the Danjelsonville Cotton
company: Ferdinand Girard against
the Grosvenordale company; Frank B
Jackson against the town of Union.
New London county: Edgar G,
Mondou against the New York, New
Haven & Hartford Railroad Co., William H. Hoxie against the New York,
New Haven & Hartford Railroad company

It is hardly probable that the New London county cases will be heard. They were assigned to be heard here

last week, but continued owing to the illness of Michael Kenealy, attorney for the defendant companies. It is

YALE MISSION IN CHINA. Dickson Leavens Tells of Its Work and Possibilities-Will Go There in Fail.

At the Young People's Union meeting at the Brondway Congregational church Sunday afternoon Dicason Leavens, who is to leave in the fall for China, where he will be a teacher in the Yale Mission college, addressed the meeting on the wonderful work that college is destined to do in the apbuilding of China. He said that there was a time when China spurned education, but now the people are caser for it and are sending their young men to other countries to get it. There were 1,700 in Japan last year and 400 are in this country. There is no doubt about their getting edu-

year and 100 are in this country. There is no doubt about their getting education, but the idea is to give them education not only to make them intellectually better, but at the same time to build up their character. Missionaries have had a hard time in China, but now is an opportunity for them and it lies in education.

Three Yale seniors in 1900 conceived the idea of working together in the mission field and selected Chan Sha, a stragetic point, where the school now is being conducted and the Chinese are eager to attend.

nese are easer to attend.

The work at the college is increasing, higher branches are being taken up and each year a new teacher is being added to the force and in all departments it is growing and doing a grand work.
